1 Introduction

Nothing to introduce here. Just a collection of maths.

2 Products

2.1 Outer product / Tensor product

From [1].

For vectors or column matrices, it is equivalent to a matrix multiplication xy^T :

$$\mathbf{u} \otimes \mathbf{v} = \mathbf{u}\mathbf{v}^T = \begin{bmatrix} u_1v_1 & u_1v_2 & \dots & u_1v_n \\ u_2v_1 & u_2v_2 & \dots & u_2v_n \\ \vdots & \vdots & \ddots & \vdots \\ u_mv_1 & u_mv_2 & \dots & u_mv_n \end{bmatrix} \quad (1)$$

where $u, v \in \mathbb{R}^{n \times 1}$

For higher order tensors:

$$\mathbf{T} = \mathbf{a} \otimes \mathbf{b} \otimes \mathbf{d}, \quad T_{ijk} = a_ib_jd_k \quad (2)$$

For example, if \mathbf{A} is of order 3 with dimensions (3, 5, 7) and \mathbf{B} is of order 2 with dimensions (10, 100), their outer product \mathbf{C} is of order 5 with dimensions (3, 5, 7, 10, 100).

Tensor product is a generalisation of outer product [2]. The outer product of two vectors \mathbf{u} and \mathbf{v} is their tensor product $\mathbf{u} \otimes \mathbf{v}$ [1].

2.1.1 A sub-subsection

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Maecenas pulvinar leo id felis pulvinar aliquet. Phasellus placerat dignissim odio aliquam hendrerit. Nullam vel justo eget ex feugiat congue. Pellentesque sagittis congue ipsum. Sed dapibus, nibh eu blandit efficitur, arcu nisi suscipit risus, dignissim iaculis mi dui ut massa. Phasellus id sem tempus, congue nunc id, placerat quam. Sed gravida, erat vel finibus egestas, leo augue pretium turpis, at commodo enim augue vitae ipsum.

2.1.1.1 A sub-sub-subsection

Figure 1: A logo. Please don't sue me.

Etiam semper felis vitae purus dapibus, sit amet luctus massa tempor. Donec neque elit, vehicula eget facilisis vitae, rhoncus vel arcu. Nunc ultrices placerat felis eu vulputate. Praesent nunc arcu, rhoncus id accumsan vitae, tempus vitae velit. Maecenas vel nisl sit amet elit pulvinar hendrerit at at metus. Maecenas aliquet ullamcorper facilisis. Aliquam erat volutpat. Vestibulum quis diam nunc. Nunc sed sollicitudin orci. Nunc ut sem urna. Nunc blandit diam orci. Curabitur non pharetra diam, nec imperdiet urna. Fusce luctus nisl non nisi congue egestas. Nunc tincidunt commodo diam, et sagittis neque luctus malesuada. Curabitur auctor felis eu congue venenatis.

2.1.1.2 Another sub-sub-subsection

Nam dictum, mi non ornare semper, nunc tellus vehicula risus, quis blandit tortor velit et ex. Morbi viverra sit amet magna quis convallis. Etiam et neque dapibus, lobortis neque vestibulum, placerat mi. Vivamus ut ipsum vel enim blandit pellentesque. Integer nec nisl tellus. Donec

Table 1: A table from Wikibooks.

Day	Min Temp	Max Temp	Summary
Monday	11C	22C	A clear day with lots of sunshine. However, the strong breeze will bring down the temperatures.
Tuesday	9C	19C	Cloudy with rain, across many northern regions. Clear spells across most of Scotland and Northern Ireland, but rain reaching the far northwest.
Wednesday	10C	21C	Rain will still linger for the morning. Conditions will improve by early afternoon and continue throughout the evening.

aliquam accumsan ipsum, nec laoreet dui auctor id. Nullam rutrum augue neque, quis vestibulum tellus dapibus dictum. Vestibulum placerat metus et lectus sagittis venenatis.

A sub-sub-sub-subsection Nunc efficitur, mi id efficitur tempor, nulla diam facilisis risus, sit amet commodo ex arcu eu sem. Aliquam metus nisi, rhoncus in dictum at, posuere ut metus. Nunc tristique nisl eu velit sagittis, ut ornare odio porta. Sed mi nisl, tincidunt nec vehicula eget, accumsan quis urna. In hac habitasse platea dictumst. Praesent commodo sollicitudin pulvinar. Nullam pulvinar aliquam velit, ut fermentum augue convallis eu. Mauris interdum feugiat mollis.

2.1.2 Another sub-subsection

Vivamus ut nisl sagittis, ullamcorper felis eget, dictum arcu. Sed placerat aliquam tortor, sit amet sodales eros consequat ac. Donec imperdiet, dui eget rutrum sollicitudin, nisi tellus cursus felis, non fringilla sem nunc porta magna. Quisque enim arcu, porttitor et dignissim at, porttitor sed leo.
